

TRILOGY AT VISTANCIA GENEALOGY CLUB
presents its 10th annual
FAMILY HISTORY CONFERENCE

A.I. in Genealogy: From Artificial Intelligence to Ancestor Insights

Whether you are just getting started with your family history or have years of genealogy experience, please join us at our 10th annual conference. Learn how the latest technologies are revolutionizing genealogy. Discover new tools that can enrich your tree and take you well beyond names and dates. Our full-day program promises to stimulate and inspire you!

Morning Sessions (see back for full synopses & speaker bios):

UNDERSTANDING TECHNOLOGICAL ADVANCES IN GENEALOGY

- **Artificial Intelligence for Genealogy** (Bonnie Bossert, Genetic Genealogist)
Think that Artificial Intelligence has nothing to do with you or your family history research? Think again! Learn how AI has transformed genealogy, with a balanced view of its advantages and challenges.
- **Investigative Genetic Genealogy** (Bonnie Bossert, Genetic Genealogist)
Join us for an enlightening journey into the world of Investigative Genetic Genealogy, where the latest advancements in DNA technology are paired with genealogy research.

Afternoon Sessions (choice of 2, subject to scheduling; see back for synopses & bios):

IT'S MORE THAN JUST A NAME: ADDING VALUE WITH HISTORICAL CONTEXT

- **Mamie's Love Letter: Documenting a Life** (Kathleen Ackerman, Professional Genealogist)
Learn how Kathleen took a mysterious letter, conducted research, and brought her story to life.
- **What Does That Document Really Say? Analyzing Sources** (Suzanne Brayer, Professional Genealogist)
Take another look at that document. What does it really tell you? What/who is the source? Are we assuming details?
- **Tracking Your Immigrant Ancestors** (Suzanne Brayer, Professional Genealogist)
Explore history's role in the reasons behind your ancestor's emigration, and how to find the records that were produced.
- **When It Takes a Village: Cluster Research Techniques** (Emily Garber, Genealogy Researcher & Speaker)
Sometimes tracking ancestors requires broadening your research to include family members, associates & neighbors.

WEDNESDAY, MARCH 6 * 8:00 am - 4:30 pm

in the Tewa Ballroom at the Kiva Club, Trilogy at Vistancia

OPEN TO ALL TRILOGY RESIDENTS AND THEIR GUESTS (Trilogy Genealogy Club membership NOT required)
